## PROJECTS

### REDIGITALIZE

The REDigitalized Repository Management System will streamline research data storage, organization, and accessibility, enhancing operations and extending the impact of valuable materials in Research and Extension services.

### PIZZARUSH

The Pizza Management System(PizzaRush) integrates various order channels, enhances customer engagement, and optimizes internal processes for employee efficiency. It optimizes internal processes, reduces workload, and prioritizes quality service, aiming to increase sales and customer satisfaction.

### E-PHARMACY

E-Pharmacy caters to individuals with illnesses, providing a platform for purchasing medication and offering services like customer consultations. The system records essential customer details (name, age, address, phone), drug information (description, type, dosage, price), and disease data (description, symptoms). This streamlined approach ensures E-Pharmacy's efficiency in delivering pharmaceutical assistance and healthcare guidance.
