- HTML 5

About Me

As an enthusiastic and committed web developer, I am seeking an internship to further hone and broaden the skills acquired during my pursuit of a Bachelor of Science in Information Technology. With a solid foundation in web development technology, I am actively seeking avenues to translate my expertise into real-world applications. I am enthusiastic about embracing opportunities that facilitate personal and professional growth, eagerly pursuing every chance to enhance my capabilities.

Projects Experience

ACCOMPLISHED WEB PROJECTS

Car Dealership Management System
