Group 9 Project Title: REDigitalized: Empowering Research and Extension Services at Technological University of the Philippines – Taguig with the REDigitalized Repository Management System

Proponents (Name, Signature)   Course: ____BSIT____   Section: BSIT – S – 4A

1. Balbada, Joseph Andre   2. Dejan, Ron Michael

3. Pedrozo, Aimer Jay

No.	Name of Panel	Comments/ Suggestions / Recommendations
1.	Ma'am Pops V. Madriaga	• Upon accumulating five citations, their research should have a monetization opportunity. They simply need to confirm their interest through email and provide links to their work to start earning from it. • Researchers need to manually enter the links to their research papers that were used in other works.
2.	Ma'am Joan C. Mag-isa	• Implementing further features will rely on the decisions and actions of the Research and Extension department officers. • The title should be edited to eliminate unnecessary repetition of words. • To confirm the genuineness of an Anti-Plagiarism Certificate, admins should utilize the assigned transaction ID as a security measure. A quick search using this unique identifier should be implemented to reveal the certificate's authenticity.
3.	Mr. Rico S. Santos	• The system should generate reports and tabulations tailored to user needs from the repository. • All other standard features should be implemented in consultation with the approval of the Office of Research and Extension. • The dashboard should display the user's summary citation count. • The system should track and display the ongoing accumulation of citations for each user's work.

Mission: TUP Taguig will provide continuous training, development, and advancement of highly qualified and competent technical manpower for national and global socio-economic and industrial growth, progress, and prosperity.
